Dear <superintendent>,

I am our region's director for the Title III LEP and IE consortium grant serving districts primarily in ESUs 4, 5, 6, and 9. To learn more about our consortium, please visit <https://esu4ell.wikispaces.com>.

It is time to secure commitments of potential consortia districts for the 2017-18 grant year. In the case of Title III, federal regulations require districts to join a consortium if their Title III Limited English Proficient (LEP) allocations do not meet the minimum of \$10,000. This allocation is based on the number of students coded in NSSRS as LEP according to Rule as of April 1, 2017 (or the date otherwise designated by NDE). Likewise, districts allocated under \$5000 for Title III Immigrant Education (IE) are required to participate in a consortium to access these funds. These allocations are derived by a formula based on the percent increase of students who qualify as immigrants.

Please note that districts choosing not to participate in Title III are still required by the Office of Civil Rights and Nebraska Rule 15 to provide appropriate services for their LEP and IE students.

In preparation of submitting this information to NDE, we ask that you complete and sign two items:

- 1) The ESSA Grant Consortium Information form
 - a. Please indicate the percentage of funds your school district will consort with ESU 4 for the 2017-18 grant year. (Please enter 100% or 0%).
 - b. Please check yes or no to identify student populations present in your district.
 - c. Please provide names and addresses of any homeless shelters in your district.
- 2) Title III Consortium Services Program Agreement
 - a. Please review, sign, and date the document.

Please return the two signed forms on or before April 15, 2017. A preaddressed postage paid envelope is included. Completed forms can be mailed to:
